Under the sanction of Government, the following Memoranda, with reference to, and in modification of G. O. C. C. 12th January 1830, are published for general information:

I. At Military Bazar Stations, Police authority and powers for the maintenance of the Peace are now vested in the Senior Commissariat Officer, or such other Officer as may be specially appointed by Government. This Officer, therefore, is the authority under whose orders, Inquests, whether upon the bodies of Europeans or Natives, are to be held, at such Stations.

II. At Stations, other than Military Bazar Stations, within the Frontier, where there may not be any Civil authority at hand competent to hold an Inquest, investigation of the causes of the sudden death of persons under Military Command is to be made by a Court of Inquiry to be assembled by the Commanding Officer.

The Commander in Chief takes this occasion of calling the attention of the Officers of this Army to the momentous nature of the duty in question. Such Courts are to be composed of not less than three European Officers with a Captain, when practicable as President; and a Medical Officer is invariably to be detailed, in order to make such examination of the body as may be expedient and to assist the Court by his professional opinion. All evidence which may, either directly or indirectly, throw light upon the cause of death, is to be carefully recorded; a verdict in the usual form is to be entered, and the proceedings are then, without delay, to be forwarded to the Adjutant General of the Army.

FORT ST. GEORGE, 17TH JULY 1835.

No. 281 of 1835.—On the 12th of May last the Government had before it in the Revenue Department a Correspondence which shewed that Captain Macdonald of the 45th Regiment Native Infantry, Brigade Major in Malabar and Canara, had not only resisted the Payment of the authorized dues of the Government, but had addressed the Public Officer whose duty it was to enforce them, in a flippant and reprehensible manner.

On that occasion the Commander in Chief was requested to cause Captain Macdonald to be censured with becoming severity, and warned that conduct of a similar character, previously brought to notice had not escaped the recollection of Government.

Captain Macdonald having since presumed in a letter which he forwarded direct to the Secretary to Government to comment on the Proceedings of the Commander in Chief, and to question the justice of a decision by His Excellency, is considered by the Right Honorable the Governor in Council to have manifested a want of due respect for his superiors and an ignorance of his proper position which disqualifies him for Staff employ.

Captain Macdonald's appointment to be Brigade Major in Malabar and Canara is therefore cancelled from this date, and his services are replaced at the disposal of the Commander in Chief for Regimental duty.

GENERAL ORDERS,

By His Excellency The Commander in Chief.

HEAD QUARTERS: CHOULTRY PLAIN,

18TH JULY 1835.

The Commander in Chief directs that the following Instructions for the Drill of Officers in the mode of carrying the Sword, Saluting, &c. be substituted for those published in G. O. C. C. of the 30th of January last, which are hereby cancelled.

INSTRUCTIONS for the DRILL of OFFICERS, in order to establish and ensure an uniform mode of carrying the SWORD, SALUTING, &c., both on the March, and when Halted.

The Officers to be formed in Line at Five Paces distant from each other, and standing at ease in the following manner;—holding the Sword in the Right Hand, with the point lowered between the Feet, the edge to the Right, the Hands together, the Left covering the Right.

The following Motions will then be performed by Word of Command:—

WORDS OF COMMAND.	DIRECTIONS.
Attention (Close Order)...........	Bring the Arms to the position of "Attention," the Sword being held between the Fore-finger and Thumb,—the remaining Fingers along the side of the Handle, ready to grasp it,—the upper part of the Hilt resting upon the Hand across the back part of the Thumb,—the Edge direct to the front, and the back of the Blade in the hollow of the Right Shoulder,—Elbows close to the Body.
Recover Swords..................	Take a grasp of the Handle,—bring up the Hand,—the Thumb as high as the Chin, and close in front of it,—the Thumb on the side of the Handle,—the Blade perpendicular, and the Edge to the left.
Port Swords......................	Bring the Sword diagonally across the Body, with the Edge upwards,—at the same time bending the Left Elbow, so that the Hand rises as high as the Shoulder, the Fingers being lightly closed, with the Blade passing between the Fore-finger and Thumb; Elbows close to the sides.
Stand at Ease....................	As directed above.
Attention (Open Order)...........	Resume the position of "Port Swords."
Rear Rank Take Open Order.....	At the word "Order" bring the Sword to the "Recover."
March............................	Move forward Three Paces, and on completing the last, at the word "Steady" let the Sword be brought to the position of "Port Swords."
Present Arms.....................	Bring the Sword up to the "Recover" at the second motion of the Firelock, and drop it at the third motion of the Firelock,—extending it to the Right, parallel with the Right Foot;—Elbow close to the side; and at the same motion raise the Left Arm as high as the Shoulder,—the Hand being brought round by a circular motion over the Peak of the Cap,—the Knuckles uppermost and Fingers extended.
Shoulder Arms....................	Bring up the Sword to the "Recover," at the first motion of the Firelock,—the Left Arm resuming its position at the same time; and at the second motion of the Firelock, resume the position of "Port Swords."
Rear Rank Take Close Order.....	Face to the Right,—and as the Right Foot is drawn to the Rear, bring up the Sword to the "Recover."
March............................	Move back into the original Line, and Front at the same time, bringing the Sword down to the Right, in the position of "Attention" (Close Order.)

TO SALUTE ON THE MARCH.

The Officers will fall in at Five Paces distant from each other in Column—Three or Four Officers being in one Line, as when in front of a Company,—when they will March past and Salute as follows:—

The Salute on the March in Open Order, is to commence when at Ten Paces from the General, the Officer on the Right of the Company giving a Signal, to prepare the other Officers, by raising the Fingers of the left Hand. The Sword is brought to the "Recover" by slowly extending the Arm to the Right, and by a circular motion of the Hand to the Left; and, without pause, the Sword is gradually lowered with an extended Arm to the Right: the time occupied in performing these motions will be that of Four Paces (commencing with the left Foot):—the left Hand is then gradually raised over the Peak of the Cap, to the position already directed, Two Paces being required for this motion,—the Head is turned to the Officer saluted during the time of Marching past. Having past him Six Paces, the Sword is again brought to the "Recover," and to its original position in Four Paces, the Officer on the Right of the Company giving the Signal with the left Hand.

In Marching past in Quick time, the Arms are to be kept perfectly steady to the sides, the Sword in the hollow of the Shoulder. The Band and Drums are to practise at this Drill, which is never to be without a Pendulum and Pace Stick.

In taking post of Exercise to the Rear, at Open Order, the Officers, when fronted, will bring the Swords to the position of "Attention" (Close Order), and on moving from thence to their places in Line at Close Order, the Swords to be brought to the "Recover," and when they have reached their place in Line, resume the position of "Attention."

On the March, or when the Battalion is manœuvring, the following position of the Sword is to be adopted, viz:—

The Sword to be carried to the full extent of the Arm, the Right side of the Guard resting on the Inside of the Fingers,—the Thumb having a sufficient grasp on the Outside, so as to hold it with ease and flexibility, the back of the Blade being kept against the hollow of the Right Shoulder.

With reference to the Regulations for the Field Exercise and Evolutions of the Army, Page 249, and in which it is directed, that when Troops in Column at Quarter Distance are Marching past at Inspections in Quick time, the Mounted Officers are to Salute,—it is to be understood, that, if the Troops have previously marched round in Slow time, the Mounted Officers are not to Salute.

2d.—Officers, Civil and Military, occupying or being in charge of Public Buildings, will be henceforward held responsible for damages resulting from inattention, and are directed, when necessary repairs are required, to represent to the proper authority the nature of them, and from what cause the injury or dilapidation has arisen.

3d.—Officers, Civil and Military, occupying public Buildings within Fort Saint George, will report to the Town Major any damage sustained, and the nature of repairs required, who will notify the same to the Military Board, with a view to such repairs being made, as, after examination by the Superintending Engineer, shall be deemed necessary.

5th.—Officers, Civil and Military, occupying or being in charge of Public Buildings at all Out stations will, when they require repair, address Officers Commanding Divisions on the subject, who will, in the case of Civil Buildings, forward the report to the Military Board, and report all Military Buildings to the Quarter Master General of the Army. When indispensably necessary for Field Service, or in movement, a Carpenter may be detached from the General Store Department, or hired on Indent, to be passed by the Military Board, except in cases of emergency, when local Commanding Officers will exercise their discretion in immediately authorizing the supply, making an early report thereof to the Military Board, the place of a Carpenter so detached may, where necessary, be temporarily supplied by a hired Artificer.

The repair of Arms, &c. of the 2d Native Veteran Battalion, will continue as at present, together with the allowance of 6 Rupees per hundred men for permanent Detachments.

The best workmen will be retained, and those Artificers who become supernumerary consequent to the present revision will be disposed of as follows : Carpenters to be discharged with the undermentioned gratuity ; of the other Artificers, those who have served twelve or more years may be retained supernumerary, provided they are good workmen ; all under that period of service to be discharged with a gratuity, under 5 years, 6 months pay, and Rupees 5 in addition for every year in excess of 5.

The Establishment of Regimental Artificers on occasions of *field service* beyond seas, will be regulated (according to circumstances) by the Military Board under sanction of Government.

The Governor-General of India in Council is pleased to cancel the General Order by the Vice President in Council of the 2d January 1810, declaring all persons entrusted with the expenditure of money, in the Military Department, liable to be called on to verify the accounts of their disbursements on oath, whenever Government should think fit to require it,—and requiring the several functionaries therein enumerated, twice in every year, viz. on the 30th of June, and 31st of December, to make oath before the nearest Magistrate, or Justice of the Peace, that the sums charged in their accounts for the six months preceding, had been expended for the purpose set forth.

2. His Honor in Council is further pleased to cancel the General Order by the Vice President in Council of the 13th August 1814, promulgating and enjoining observance of revised forms of the affidavits thenceforward required to be transmitted half yearly to the Military Board, by the Officers holding the appointments therein specified.

3. In future, the accounts of all Officers intrusted with the expenditure of money in the Military Department, are to be rendered with a declaration on honor, instead of an oath.

4. In all cases where an oath has heretofore been necessary, a declaration on honor to the same effect is to be substituted, except in the instance of the half yearly affidavits, in lieu of which no declaration will be required, as each separate account is to be rendered in the manner now prescribed.

5. This order is to be made applicable to all the Presidencies.

As the provisions of the following Regulation afford the means to all Cavalry Officers of furnishing themselves with good Cattle, Commandants of Corps will be held responsible that the Officers under their Command are suitably and well provided with Chargers, agreeably to their Rank.

1. In the first instance, every Commissioned Officer of the Horse Artillery, of Regiments of European Dragoons and Light Cavalry, will be permitted to select from the Remount Cattle allotted to Regiments, respectively, each two Horses as Chargers, leaving the selection of Horses from the Ranks of their Regiments to cases of *particular emergency on actual service in the field.*

Medical Officers permanently attached to the above mentioned Corps, Riding Masters and Quarter Masters not being Commissioned Officers, and Veterinary Surgeons, one Horse each as a Charger, on the terms hereafter to be mentioned.

It is to be understood that the Chargers selected from the Ranks or from the Remount now in the possession of Officers, are to be included in the number of selections allowed to the individual, and to be subject to the provisions of this Regulation.

2. The selection to be regulated by seniority, and no second selection is to be made by any Officer while his doing so will interfere with the first selection of a Junior Officer.

3. When either of the selected Chargers shall die, be killed, stolen, captured, lost, shot by the recommendation of a Committee, or reported by a Committee unfit for further service, from age, vice, disease, or permanent unsoundness, the Officer will be permitted to replace him by selecting a Horse from the Ranks or Remount Cattle,—but on the principle laid down in the foregoing paragraph.

4. The selected Chargers of Officers dying, retiring from the Service, proceeding on furlough to Europe, or exchanging from a Mounted to a Foot Corps, are not to be sold out of the Regiments to which they belong, such Horses, if no Officer in the Corps shall be desirous of purchasing them, are to be returned to the Ranks subject to the orders laid down in a subsequent part of this Regulation (para. 10) with respect to the Chargers which may be received back into the Ranks at the request of individuals.

5. Officers returning from furlough to Europe are permitted to select two Chargers as allowed in para. 1, without reference to former selections.

6. Horses selected under this Regulation are not permitted to be disposed of out of the Regiment to which the Officer belongs, unless they shall be reported by a Committee unfit for the service from age, vice disease or permanent unsoundness.

7. Under the sanction of the Officer Commanding the Regiment, Horses selected under this Regulation may be exchanged for other serviceable selected Chargers of Officers in the same Corps; In such cases both Horses are to continue subject to the foregoing Rules—but an Officer may sell his selected Charger to an Officer of the same Corps entitled to a choice, such purchase to stand in place of a selection, and the seller allowed in regular succession to select another Charger.—No sale or exchange of a selected Charger is to be allowed until the payment of his price shall have been completed.

8. Officers desirous to return their selected Chargers to the Ranks, are permitted to do so, within one month from the date of selection, or from the date of their joining the Regiment or being Trooped, without injuring their claim to another selection, provided the Horse be reported by a Committee sound and otherwise as fit for the service as when selected by the Officer.—An Officer may also return his selected Charger to the Ranks, after the time above specified, but in such cases, he will not be permitted to select another in his room.

9. No Horse, whose age shall exceed ten years, is to be received back into the Ranks.

10. When an Officer obtains permission to return a Charger to the Ranks within the period of six months, he will be entitled to receive back from the Paymaster, on a Bill accompanied by all requisite vouchers, the sum which he paid for the Horse. But if the Horse is returned to the Ranks after the expiration of six months, a deduction is to be made from the price paid at the rate of 10 per cent. per annum on the original cost for the period elapsed since the Horse was selected.

11. Horses selected as Chargers are always to be branded with the Regimental mark and entered on the Descriptive Roll of the Regiment before they are delivered over to the selecting Officer.

12. In all cases when an Officer wishes to select, return, sell, or exchange a selected Charger, he is to make a public written application to the Officer Commanding the Regiment, and it is to be understood that the Proceedings of the Committee are not complete until approved by the Commanding Officer.

13. The regulated price of Chargers selected from the Bengal Stud and for New South Wales Horses is fixed at 800 Rupees. Those from the Ranks of Regiments, or from the Remounts, and not being Bengal Stud or New South Wales Horses, at 700 Rupees.

The price of Chargers selected by Lieutenants in receipt of Troop allowances, Surgeons and Assistant Surgeons in medical charge of Regiments, Regimental Captains and Officers of higher rank, are to be recovered by four equal monthly deductions from their allowances, commencing with the first issue of pay subsequent to the selection; and in the case of Subalterns, Assistant Surgeons not in medical charge of Corps, Quarter Masters and Riding Masters being Warrant Officers, by eight equal monthly deductions as above.

14. The Horses of Native Officers are exempted from the provisions of this Regulation.

15. When an Officer dies before the price of the Charger shall have been recovered, the Horse if reported by a Committee sound and otherwise fit for the service, is to be returned to the Ranks, otherwise he is to be sold under the orders of the Officer Commanding the Regiment, and from the amount of sale the sum remaining due to Government to be paid to the Military Paymaster and by him carried to the public credit.

16. When an Officer has selected a Charger he is immediately to transmit to the Officer Commanding the Regiment a Certificate in Duplicate, subscribed with his Name, Rank, Troop, and Regiment, certifying his having received the Horse, whether a Bengal Stud or New South Wales Horse or otherwise, and by how many deductions the price is to be recovered, with reference to para. 13.

The Officer Commanding the Regiment having satisfied himself of the correctness of the Certificate, is to countersign it, to forward one copy of it to the Military Paymaster of the Division in which the Troop or Regiment may be serving, and the other to the Military Auditor General, first causing a transcript of it to be entered in a Regimental Book to be kept for that purpose.

The Commanding Officer will then issue a Regimental Order directing the Officer in whose Abstract the allowances of the individual who has selected the Charger are drawn, to insert at the foot of the Abstract a remark to the following effect, until the ordered deduction shall be completed.

" Deduct from Captain A. B.'s allowances Madras Rupees ——— being the first monthly deduction (or " as the case may be, the 2d, 3d or last,) on account of a Charger selected by him from the Troop, or Remount " as the case may be."

The Officer Commanding the Troop from which the Horse shall be selected is to notice the circumstance in a remark at the foot of the next Muster Roll, or should the selection be made from the Remount, the Horse is be considered as attached to the Troop to which the Officer selecting him belongs, and the remark to be inserted on its Muster Roll.

17. The receipt of the Certificate specified in the first clause of the foregoing para. is to be considered by the Military Paymaster as sufficient authority for making the ordered deductions, without waiting for any further information.

18. Cavalry Officers claiming compensation for their selected Chargers from being killed or disabled in action or shot in consequence of contagious disease, as authorized by G. O. G. 31st May 1831, and 29th November 1833, will only be allowed to draw the regulated price which they may have paid for the same, deducting 10 per cent per annum for the period elapsed since the original selection of the animal from the Ranks or Remount.

19. At the close of each year the Military Auditor General will compare the Certificates with the amount received on account of selected Chargers, and will take immediate steps for recovering any sums due on their account, and Officers Commanding Corps will transmit to that Department as soon after the 1st May in each year as practicable, a general Descriptive Roll of all Horses taken by Officers of their respective Corps, as Chargers, with the Names of the Officers selecting them, dates of selecting, &c.

In publishing these Regulations for the guidance of Officers of Mounted Corps, the Right Honorable the Governor in Council directs, that all former Regulations or Orders on the subject of Remount Horses be rescinded, and the instructions herein conveyed be forthwith adopted in the several Mounted Corps of this Army.

GENERAL ORDERS,

By His Excellency the Commander in Chief.

ADJUTANT GENERALS OFFICE :

FORT ST. GEORGE, 10*th November* 1835.

The Commander in Chief directs the publication, for the general information and guidance of this Army, of the following General Order by His Excellency the Commander in Chief in India, dated Calcutta 12th October 1835.

GENERAL ORDERS BY HIS EXCELLENCY THE COMMANDER IN CHIEF.

HEAD QUARTERS, CALCUTTA, 12TH OCTOBER 1835.

1. Captain J. S. Marshall of the 71st Regiment of Native Infantry, recently under suspension from rank and pay by the Sentence of a General Court Martial, having drawn up a Memorial addressed to the Honorable the Governor General in Council, which has reference to the Proceedings of the Court under whose sentence he has been suffering, he sent the same to Brigadier General R. Stevenson, C. B. with a view to its being forwarded.

2. The Brigadier General having declined to forward the same, ordered it to be returned to Captain Marshall with a letter stating that, although he, (the Brigadier General,) declined to forward it, Captain Marshall " can" forward it, either through the Commanding Officer of the 71st Regiment, or " direct himself."

3. Under the implied permission of the word " can" it has been forwarded direct to the Commander in Chief.

4. As several instances of direct appeals of this nature have presented themselves to the Commander in Chief, he wishes the Army to understand what his opinions are upon the subject. They are as follow :

5. He deprecates all appeals from competent authority, except on very sufficient grounds ; which grounds should always be stated.

6. The regular channels through which correspondence is to be carried on, are pointed out in the General Orders, with several views ; one is, that the Commanding Officer on the spot may exercise his judgment as to the propriety of forwarding, or not, such papers as may be offered to him ; and thus spare the heads of Departments from useless references ; and another, that they may be enabled to afford such elucidatory observations relative to the business forwarded, as may enable the Commander in Chief to form a competent judgment upon it. The Commander in Chief therefore deems it a duty of a Commanding Officer to form an opinion upon what is laid before him ; and that it is as much his duty to refuse to forward that which he does not sanction, as it is to send on whatever meets his approval. Therefore, to whatever is forwarded by a Commanding Officer, the Commander in Chief will always be prepared to pay the greatest attention, but he will require strong grounds to be assigned for Officers sending to him papers *direct* ; because, he can only consider such direct application in the light of an appeal from a competent authority ; an appeal which Officers ought not to make, excepting on specific, and clearly stated grounds. When such grounds are assigned, the Commander in Chief will always be ready duly to appreciate them.

7. In the case of Captain Marshall's Memorial, which has occasioned this order, His Excellency deems that Brigadier General Stevenson exercised a very proper judgment in declining to forward it, and he would have still more approved of what was done, if the last paragraph of the Deputy Assistant Adjutant General's letter had been omitted.

8. As Captain Marshall has thought proper to place this Memorial in the hands of the Commander in Chief, he feels bound to comment on one of its concluding paragraphs.—Captain Marshall says, (addressing the Governor General in Council.)

" It is true, your Memorialist has nearly endured the full measure of his Sentence ; and that the suspension of rank cannot be remedied, but still, he humbly begs to add that the *restoration of his pay* " *will remove the moral oduim produced by his Sentence.*"

9. The Commander in Chief entertains much too high an opinion of the Military and honorable feelings of the Officers of the Indian Army, not to be quite sure that they would repudiate, with the indignation it merits, the notion, that the return of a certain number of Rupees by the Civil Government, could remove the " moral oduim" which Captain Marshall very properly attaches to the punishment awarded by the penal sentance of General Court Martial.

By order of His Excellency the Commander in Chief.

(Signed) J. R. LUMLEY, Colonel,
Adjutant General of the Army.

BY ORDER OF THE COMMANDER IN CHIEF.

T. H. S. CONWAY,
Adjutant General of the Army.

GENERAL ORDERS,

ADJUTANT GENERAL'S OFFICE;

14TH NOVEMBER 1835.

GENERAL ORDERS,

By His Excellency the Commander in Chief.

ADJUTANT GENERAL'S OFFICE: FORT ST GEORGE;

21st NOVEMBER 1835.

Under instructions from His Excellency the Right Honorable the Commander in Chief in India, the following General Order is published for the information and guidance of the Madras Army.

GENERAL ORDERS BY HIS EXCELLENCY THE RIGHT HONORABLE THE COMMANDER IN CHIEF IN INDIA.

HEAD QUARTERS, Calcutta, 26th October 1835.

1. His Excellency the Commander in Chief in India having recently had before him the proceedings of several General Courts Martial, feels it necessary to express his opinion, that the amount of crime in several of the cases was only such as might have been quite adequately dealt with by a District, or Garrison, or even Regimental Court Martial.

2. The great frequency of the assembly of General Courts Martial, is much calculated to diminish the awe with which they ought to be contemplated by Soldiers; and the practice is, furthermore, exceedingly inconvenient, and detrimental to the Army, by occupying in such duties so many Regimental Officers.

3. The Commander in Chief in India therefore desires that Commanding Officers of Regiments will carefully weigh the amount of such crimes as may be committed by the Soldiers under their Command; and that in all cases in which it appears that a Regimental, or Garrison, or District Court Martial is competent by Law to investigate a crime, and to award an adequate punishment, they will have recourse to such Courts, and that they will not bring Soldiers before a higher class of Courts than is necessary to meet the case.

4. His Excellency observes that the 84th Article of War has not been sufficiently attended to by some Officers; and that a practice has grown up of making the Members of a Court Martial acquainted with the previous bad character of a Prisoner antecedent to his trial, by noticing the record of his convictions immediately subsequent to his arraignment. This is a practice as inconsistent with justice, as it is at variance with the 84th Article of War!

5. Courts are in the frequent habit of passing such a sentence as "Solitary confinement for two months *in the Fortress of Allahabad.*" The fixing *the place* where the sentence must be inflicted, is often attended with inconvenience. It is best to award such punishment as the Court may deem proper, and to leave the place where it is to be carried into execution undefined, to be fixed by the Officer whose duty it may be to approve the proceedings of the Court.

6. There appears to the Commander in Chief occasionally to be an affectation of imitating the minutiæ of the practice of Civil Courts, introduced into the charges laid before Courts Martial. Details, quite unnecessary before Military Courts! Thus, in a charge is introduced the disgusting expressions of a drunken, or mutinous Soldier who has forgotten himself; and these have appeared both in Hindoostanee, and English, in the body of the charges. This practice seems quite unnecessary for the ends of justice; since the Soldier's crime would have been as well developed under the simple charge of "unsoldier-like," or "insubordinate," "or improper" language, as when aided by the unqualified nakedness of the words thus especially charged!

7. The Commander in Chief solicits the attention of the Commanders in Chief of the Madras and Bombay Armies to these points.

By order of His Excellency the Commander in Chief in India.

(Signed) J. R. LUMLEY, Colonel,
Adjutant General of the Army.

BY ORDER OF THE COMMANDER IN CHIEF.

GENERAL ORDERS,

By His Excellency The Commander in Chief.

HEAD QUARTERS : CHOULTRY PLAIN ;

31st DECEMBER 1835.

Under instructions from His Excellency the Commander in Chief in India, the following General Order is published for the information and guidance of the Madras Army.

HEAD QUARTERS : Calcutta, 30*th November* 1835.

GENERAL ORDER.

No. 942. At a General Court Martial held at Barrackpore, on Wednesday the 18th November 1835, Ensign John William Sidney Smith, His Majesty's 38th Foot, was arraigned on the following Charge.

Charge.—"Ensign John William Sidney Smith, of His Majesty's 38th Regiment, placed under arrest by me, and Charged as follows :

For conduct unbecoming the Character of an Officer and a Gentleman, and subversive of Military Discipline, in having, on the 20th September 1835, endeavoured to force me to fight a duel with him, without any sufficient cause for it, or just provocation on my part.

(Signed) J. J. LOWTH, Capt. H. M. 38th Regt."

Upon which Charge the Court came to the following decision.

Finding.—"The Court having maturely weighed and considered all that has been adduced in support of the Prosecution, as well as what has been brought forward on the Defence, are of opinion, that the Prisoner Ensign John William Sidney Smith, His Majesty's 38th Regiment, is Guilty of so much of the Charge preferred against him, as extends to the simple sending of the Challenge, in breach of the Articles of War, but acquit him of the rest."

Sentence.—"The Court having thus found the Prisoner Guilty of so much of the Charge as is above particularized, do therefore sentence him to be reprimanded."

Approved.

(Signed) H. FANE, General,
Commander in Chief East Indies.

Calcutta,
28*th November* 1835.

Remarks by His Excellency The Commander in Chief in India.

1. The Commanding Officer of His Majesty's 38th Regiment will summon Ensign Smith to his presence, and point out to him the error of his conduct, in breach of the 60th Article of War ; reprimand him as directed by the above Sentence ; and inform him, that he must consider the early reparation which he was prepared to make for his offence, to have been the means of his salvation from ruin.

2. The Commander in Chief is of opinion, that he should neglect his duty to the Army if he failed to offer some remarks grounded upon this Court Martial.

3. He will candidly state to the Army, that the endless numbers of Courts Martial *in India* is a general topic amongst Military men in England, and is the subject of general condemnation amongst Soldiers.

4. Until he was placed in his present position, he was at a loss to account for this peculiar circumstances ; but this Court Martial, and many similar examples which have been brought before him, since he has had the honor to Command this Army, have fully explained how this evil arises.

5. Captain Lowth's Proceedings afford him a perfect elucidation of his view of the case, and he will make it the occasion of explaining that view.

6. In this instance, two brother Officers of His Majesty's 38th Regiment fall out about a matter in itself trifling, which leads to certain crisis.

The affair is brought to a point which requires a decision ; and Captain Lowth forms his own judgment about what is right and necessary for the vindiction of his honor.

Two Captains (A. Campbell and W. Campbell, as is shown in the proceedings of the Court Martial) are of opinion, that what is offered as an apology by the offender, is quite sufficient to render unnecessary any further Proceedings.

The Commanding Officer of the Regiment is of opinion, that what is offered, is sufficient.

The Commander in Chief is of opinion, that what is offered is sufficient ; and Major General Watson, who Commands the Division, hopes that "the sentiments of the Commander in Chief may be respected."

All this will not do !

The opinions of the four superior authorities named are not sufficient to suit Captain Lowth's ideas ; but obstinate in his own opinion, he solicits to be permitted to appeal to the last resort, namely, a Court Martial.

7. Let the Army take another case.

An Officer has a dispute with his brother Officers about a matter relating to the Mess of the Regiment. His brother Officers decide against him ; he is not content.

The Commanding Officer of his Regiment decides against him ; he is not content.

The Brigadier decides against him.

The General of Division decides against him; and he is still not content. At last he comes to the Commander in Chief, who also decides against him, (probably with no better result !)

8. He could produce many other Instances of this unbending and *obstinate perseverance* in the opinion of the correctness of the individuals *own views*, and the utter disregard of the opinions of those superiors who stand in a position to look calmly, and without bias, on the cases laid before them.

9. How this has grown up it is difficult to say, but that it ought to be corrected, all who wish well to the harmony and the reputation of the Army must feel.

10. The Commander in Chief solicits the Officers to reflect upon what he has said, and to aid him in getting rid of that bane to the Service, and to the Character of the Army, "the endless calls for Courts Martial."

The injury to the Army is lamentable from the number of Officers withdrawn from their Regimental duties, month after month, to investigate the quarrels and squabbles of individuals; and the personal inconvenience to the Officers themselves is a very important object for consideration.

11. With the general assistance of the Officers of the Army, all this may be easily corrected; but unless the Commander in Chief receive such aid, that blot upon our Character as an Army (which he so much desires to remove) cannot but remain attached to us.

Ensign Smith is to be released from arrest and will return to his duty.

By order of the Commander in Chief.

(Signed) R. TORRENS, Colonel,
Adjt. Genl. H. M. Forces in India.

BY ORDER OF THE COMMANDER IN CHIEF.

T. H. S. CONWAY,
Adjutant General of the Army.
